On September 11, 2010 the Association sponsored a Grill-Out for the 87th Aerial Port Squadron at WPAFB. The purpose of this event was to introduce the Association to the Squadron in an informal setting and show the Airmen that we are there to support them. Tom McVey coordinated with Chief Sean Storms, the unit ART and the grill-out was held at the shelter behind building 15. Burgers, Dogs, Baked Beans, Chips and Cookies, Water and Soda were served to the Airmen of the 87th APS. The Association was well received by the Squadron members and they thanked the volunteers that worked the grill-out for the time they took to visit and cook for them. We asked everyone to sign in at the chow line and we have 96 signatures.

Dave Ludinich also signed up 17 new members to the Association during the day. Our membership total is now 108 members. My thanks go to the several volunteers that showed up early, cooked and served the Troops and stayed around after it was over to clean up. We have the best members of any organization. Tom Thwait's brought along his neighbor, Larry, who is not even a member but worked right along with the rest of us.

We will be supporting the Squadron before the upcoming deployment by serving beverages and snacks to deploying members and their family's. You will be receiving correspondence with the dates and times for this. I know we will have plenty of volunteers from Association members.

Thanks again to all of you.
